

# BATTERY TESTER REWARD PROGRAM

Purchase a battery tester and earn \$5 cash back on every qualifying\* battery purchase.

Batteries never fail at a good time. That's why testing your customer's battery and electrical system is important. A quality digital battery and electrical system tester helps you keep your customers safe by telling you when batteries are about to fail. And now, when you purchase an eligible tester, our Battery Tester Reward Program gives you \$5 for every qualifying battery purchase.

## How the program works:

- Purchase an eligible tester through December 31, 2023
- Earn a \$5 reward for each qualifying purchase of a DieHard® or Optima® car or light truck battery through December 31, 2024
- Limit one cash back reward per professional account
